

500 Series

STEEL GARAGE DOORS

BY **NORTHWEST DOOR**®

This home features
garage doors with the
Traditional Style Panels.

TIMELESS BEAUTY - MAINTENANCE FREE

With every Northwest Door®, you get maximum durability and security. The 500 Series garage doors are hot-dipped galvanized steel, pre-finished in four different colors and guaranteed to resist rust and corrosion. You may choose from seven attractive window designs and two different panel sizes. From this selection you can create a door that is sure to compliment any style of architecture and will fit well within your budget.

Color Selection

WARRANTY Northwest door warrants its 500 SERIES raised panel door sections for a period of five (5) years, to the original consumer against deterioration due to rust-through. Parts and accessories are warranted against defects in material and workmanship for a period of one (1) year. This warranty is limited to furnishing any part or parts due to product failure. Northwest door has sole right to determine whether failure of products from normal use or abuse of product. Warranty does not apply to any product that, in the judgement of Northwest Door, was subjected to misuse or neglect or has been altered during installation in any way that may have impaired its safety, operation or efficiency, nor to any product that has been subjected to an accident.

WARNING: Any adjustment to your door should be made by an experienced door installer, such as your Northwest Door Dealer. Serious injury can result from improper adjustments to your door. Northwest Door reserves the right to make product changes without prior notice. Top section must be strutted on motor operated doors, designer glass sections must be strutted.
