

Northwest Door provides a Ten Year Limited Warranty on our woodgrain powder coated finishes per AAMA 2604 Paint Performance Standard

The woodgrain finishes on our aluminum are certified to meet **AAMA 2604 Paint Performance Standards** established by the AAMA (American Architectural Manufacturers Association). It means that our finish is resistant to weathering and/or other elements like detergent and salt water and that our doors will have very little fading or chalking. The finish will not blister or crack, even in harsh coastal climates.

This means that the woodgrain powder coat finish on our garage doors will remain beautiful for many years to come,

we guarantee it!
