Panel Features

The Industry Leader in Innovative Door Choice and Quality

Tongue & Groove Section Joints **1**

Precisely designed tongue and groove section joints reduce air infiltration and creates weather-tight seal.

Panel surface treatment **2**

Galvanized finished painted steel provides superior corrosion resistance for years of trouble-free performance.

Reinforcement Ribs **3**

Deep horizontal rib design provides additional structural strength and a unique industrial appeal.

Bottom Weather Seal **4**

Keeps out wind, rain, debris and other elements for added energy savings.

Panel Design

- 1 Ribbed
